**INSTITUTION'S INNOVATION COUNCIL (IIC)**

The **Institution's Innovation Council (IIC)** at (MIET), Kumaon is established to foster a culture of innovation, entrepreneurship, and creative problem-solving among students and faculty. The council serves as a platform to channelize the creative energy of students into productive outcomes, encouraging them to think beyond traditional academic boundaries and develop solutions that address real-world challenges.

The MIET Kumaon IIC Council actively organizes workshops, hackathons, innovation challenges, and guest lectures to provide students with exposure to the latest technologies, startup ecosystems, and industry practices. The council also supports the ideation, incubation, and mentoring of innovative projects, helping students transition their ideas from conception to implementation.
